

I want to sue:

1. Fresno County Police Department (unwarranted arrest on fabricated charges in 2012)
2. American Ambulance {Complicit with false accusations of FPD/conspiracy 2012};
3. Psychiatric counsel offered by county/state for that case;
4. Fresno County Sheriff's Department for illegal use of Targeted Dream Incubation* techniques (done without ***informed consent***, (written or otherwise) during stays at Fresno County Jail in 2009, 2012, 2013, 2014, 2015)
5. Fresno County District Attorney's office (Complicit with efforts to incarcerate me unjustly in 2012 & 2013.
6. Public Defenders Office (inadequate counsel/conspiracy with above efforts)
7. State Hospital system (ASH and NAPA) delaying release from system when they fully knew that I was of sound mind, not suffering from any mental health issues... whatsoever.
8. And possibly MHM Services of Central California (Complicit in this conspiracy)

All of this, btw, suggested as part of a "GAME" I was never privy to, participant of, or interested in... playing?
